

SOHO W2

Designed by Ronni Gol

DESCRIPTION

Light as canvas. SOHO reimagines the wall as an artistic surface — a constellation of machined aluminium discs, layered, overlapping, and arranged in any pattern imagination allows. Five sizes, each floating at a different depth, create dimension and shadow that shift with the eye. From home to hotel lobby, studio to showroom, indoors or out, SOHO composes atmosphere with the freedom of pure creative expression. A palette of black, white, gold, rose gold, and brass completes the vision. Switch Tune technology offers 2700K or 3000K at installation. Honoured with the Red Dot Design Award 2020. Art that illuminates. Illumination that becomes art.
